BDF1620X

16 Place Setting Freestanding Dishwasher Stainless

Fast+ - Sometimes you don't have the time to wait for a full wash cycle to finish. The Fast+ function speeds up the washing cycle for up to 3 times* with optimum performance, meaning you can wash and serve in no time at all.*Tested by internal laboratories.

AqualIntense® - There's an easy way to wash those hard-to-clean dishes. AqualIntense® creates a powerful cleaning zone with intense water pressure, so even your filthiest pots and pans get expertly cleaned. No matter what you make, or how long it cooks, your dishes come out spotless.

16 Place Setting - Perfect for big, busy families. The flexibility of the top cutlery tray, unique shape of the top basket and foldable tines throughout the dishwasher provides its large capacity and allows you to fit more in... so you can fit it all in, in one wash.
