94 L Multifunction 60 cm Built-In Oven with Side Venting

Side Venting - In addition to the hot air from the fan, hot air is blown from the side and back walls of the oven into the centre, allowing everything to cook evenly and without mixing the flavours or aromas. Beko Side Venting technology also cooks everything up to 30% faster*

*Tested by internal laboratories

Extra Large Capacity- Beko CookMaster™ with its 94Litre gross capacity means you can cook lots of food in one go - even though it's the same size as a standard oven. You can even get 5 shelves of food cooked perfectly evenly at the same time.

Easy Clean Interior- Offering an easy cleaning solution, the interior side & back has catalytic liners, absorbing grease & dirt. Cleaning your oven's door is easier than ever with the easy-to-remove inner glass door. Free of bolts, you can comfortably slide the glass door out to help you clean even those hard-to-reach spots.
