## 85 L Multifunction Aeroperfect™ 60 cm Built-in Oven Steam Assisted Cooking & Pyro

**Aeroperfect™ Technology** - Bake perfect cupcakes, roast a delicious Sunday dinner or use the grill to make a hearty but healthy breakfast. Aeroperfect™ technology provides uniform hot air distribution throughout the oven and minimises temperature fluctuation, ensuring even and precise cooking every time.

**Steam Assisted Cooking** - Home-made pastries should be better, but getting that perfectly flaky crust is a challenge. Our Steam Assisted Cooking function helps you cook delicious pastries and bread to be crispy on the outside and soft and fluffy on the inside.

**Large Capacity** - We understand how busy your home life can get and how important it is to be able to cook more food in one go. Our large capacity ovens come in a huge 85 litres gross capacity, so you can cook everything you need for your family & friends.

**Pyrolytic Self Cleaning** - Save time in the kitchen with our ovens that clean themselves at the touch of a button. The oven heats up to a super-hot 480°C, burning away dirt and grease, and then all you have to do is use a damp cloth to wipe clean.
