BFL1010W

10 kg SteamCure™ Washing Machine

SteamCure™ +Hygiene+ - 99.9% allergen* free with the hygienic power of steam. SteamCure's Hygiene+ steam cycle provides improved levels of cleanliness by heating the water up to 60 °C, reducing common household allergens* by up to 99.9% (approved by Allergy UK) and removing 99.9% virus and bacteria (Airmid Certification).

* House Dust Mite Allergen, Cat Allergen, Dog Allergen, Fungi Allergen

Fast+ Function - If you think life is too short to sit around and wait for the washing machine to be done, here's something to get back time. The Fast+ function optimizes the washing programme and letting you reduce programme duration up to 55%* at the touch of a button. * Tested by internal laboratories

Pet Hair Removal Function - No doubt pet owners love their furry friends but that doesn't mean they like going around with pet hair on their clothes. Now you can put away the scrubbing brush and let the Pet Hair Removal function do its thing with its prewash and special extra-rinse cycles. Fill your life with pets, not your clothes with their hair.
