569 L Dark Stainless Four Door Fridge with Auto IceMaker

Everfresh+® Crisper - Humidity is precisely controlled and condensation reduced via air channels, temperature variations minimised, so your fruit and vegetables stay crisp and fresh for up to 3 times longer than normal*.

*Tested by SGS (compared to standard crisper for broccoli and lettuce)

Active Fresh Blue Light - Beko's Active Fresh Blue Light™ technology will protect vitamin C intensity in vegetables and keep the natural flavours and nutritional elements in your food intact. This means your fruit and vegetables are up to 30%* better preserved.

* Tested by FRPERC and TÜBİTAK (compared to standard crisper for tomatoes, red and green pepper)

Neofrost™ Dual Cooling - Beko NeoFrost™ dual cooling fridges with 2 separate cooling systems mean you can maintain optimum humidity in the fridge, while keeping the freezer dry, frozen and frost-free. Keeping fresh food fresh and frozen food frozen.
