30 INCH SLIDE-IN DUAL FUEL RANGE

SLDF30540SS

Outstanding Features

Surf Cooking

Beko Surf® Convection takes the guesswork out of multi-level cooking. No more worries about uneven heat or rotating dishes from rack to rack. Our Surf Convection technology blows hot air through side wall holes in the oven cavity and through back wall to provide more uniform air circulation and cook foods more evenly, without flavors and aromas mingling. Plus, up to 30% faster cook times makes getting dinner on the table a snap.

XL Interior Volume 5.7 cu. ft.

For the cook who enjoys some extra elbow room, Beko's oven interiors are among the most spacious in their class. With an industry-leading 5.7 cu. ft. interior volume, you'll have more than enough room for that big Thanksgiving turkey. So this year, invite the whole extended family.

18,000 BTU Power Burner

Go from a true simmer to high heat in no time flat. Boil pasta on the rapid burner, use one of the simmer burners for soup and the other for sautéing veggies. Then sear or broil quickly with the high-efficiency power burner. Beko offers gas burners that are 25% more efficient than conventional gas burners.

Central Oval burner 10,000 BTU

Our large center oval burner is perfect for oversized pots or to cook with the griddle accessory.

XL Cooktop Surface

For the consummate multi-tasker, Beko's XL Cooktop Surface fits four 10" pots, simultaneously. With cast iron continuous grates, you can save time by having several pots cooking at once.

Full Extension Baking Drawer

This convenient, fully extending drawer gives you $1.0\,\mathrm{cu}$. ft. of extra oven capacity for baking at up to $425\,\mathrm{^oF}$.
