#### Self-Clean

Even if you love to cook, you probably don't love to clean your oven. Save time and energy with Beko's self-cleaning function. Simply choose between three levels of self-cleaning, depending on how extensively your oven needs to be cleaned and the time available. Even your toughest stains will be reduced to a fine ash that's easily wiped away with a cloth, without the need for harsh detergents or chemicals.

#### 12" XL Cooking Zone

Whoever said a watched pot never boils never cooked on a Beko range. Enjoy faster boiling and more efficient cooking in any size pot, courtesy of our extra-large cooking area.

#### Residual Heat Indicator

Highly visible cooktop indicators alert you when the cooking zone is too hot to safely touch.

#### Full Extension Warming Drawer

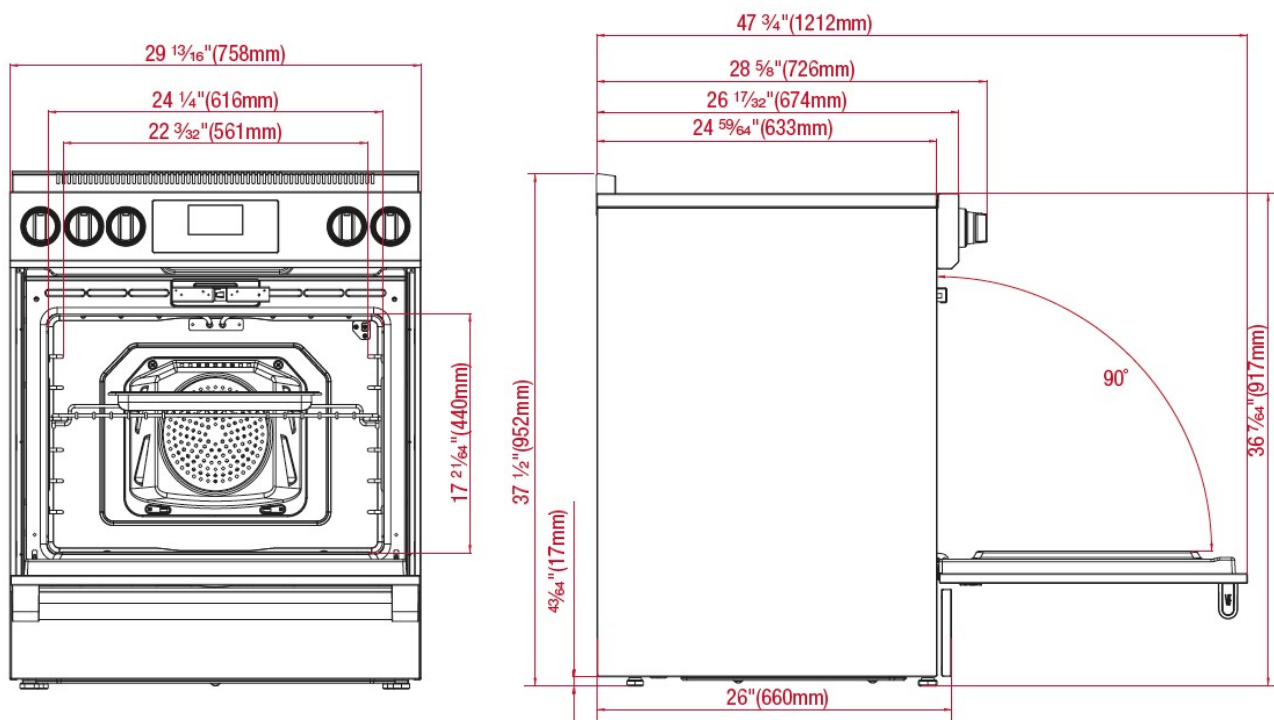

This convenient, fully extending drawer gives you 1.0 cu. ft. of extra capacity. Conveniently warm your dishes prior to serving and keep your cooked meals at serving temperature while enjoying your dinner parties.
