30 INCH SLIDE-IN ELECTRIC RANGE

SLER30420SS

Outstanding Features

XL Interior Volume 5.7 cu. ft.

For the cook who enjoys some extra elbow room, Beko's oven interiors are among the most spacious in their class. With an industry-leading 5.7 cu. ft. interior volume, you'll have more than enough room for that big Thanksgiving turkey. So this year, invite the whole extended family.

InnovaChef Smart Display

Intuitive touch controls clearly display features and important cooking information.

Prime Turkey Cooking

Get perfect results with Beko's preset cooking programs, including Prime Turkey Cooking. No one has to know how easy Beko makes Thanksgiving!

Bread Proofing

For perfect bread every time, serious bakers will certainly appreciate the pre-set bread proofing option.

Pizza

The convenient pre-set pizza option makes it easy for anyone to pop dinner in the oven.

Self-Clean

Even if you love to cook, you probably don't love to clean your oven. Save time and energy with Beko's self-cleaning function. Simply choose between three levels of self-cleaning, depending on how extensively your oven needs to be cleaned and the time available. Even your toughest stains will be reduced to a fine ash that's easily wiped away with a cloth, without the need for harsh detergents or chemicals.

12" XL Cooking Zone

Whoever said a watched pot never boils never cooked on a Beko range. Enjoy faster boiling and more efficient cooking in any size pot, courtesy of our extra-large cooking area.

Residual Heat Indicator

Highly visible cooktop indicators alert you when the cooking zone is too hot to safely touch.

Full Extension Storage Drawer

Enjoy easy access to the fully extending storage drawer, perfect for oven wire racks when they aren't in use.
