## SelfFit

SelfFit

### Stable door position at any angle

You are about to unload the dishwasher but the open door takes so much space that not much is left for you to move around. With SelfFit, you can balance the door at any angle, so you can load and unload the dishes without the door getting in anyone's way. Plus, the sturdy mechanism can carry furniture doors of up to 9 kg.

### LedSpot

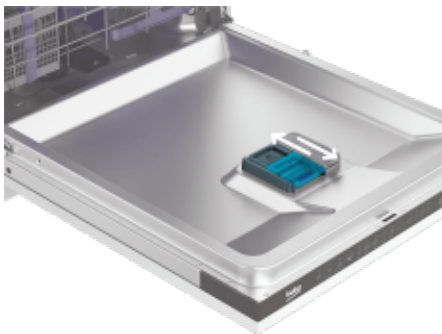

## Status indicator light

If your built-in dishwasher is so quiet that you find yourself guessing whether it's running or not, here is LedSpot. LedSpot is a program status indicator light that shines on the floor, at the base of the machine to let you know if it's running or not. No more guesswork for when to unload the dishwasher.

### Fast+

## 3 times faster cleaning

Sometimes you don't have the time to wait for a full wash cycle to finish. The Fast+ function speeds up the washing cycle for up to 3 times\* with optimum performance, meaning you can wash and serve in no time at all. \*Tested by internal laboratories.

### Sliding Detergent Dispenser

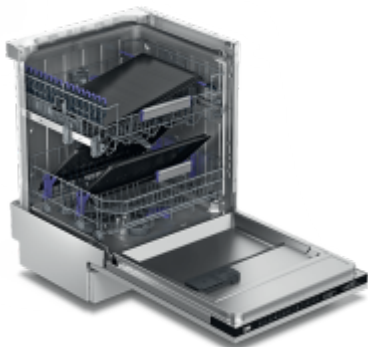

## Easy-to-open dispenser lid

Don't hurt your fingers trying to open the detergent dispenser. The Sliding Detergent Dispenser is so easy to open and close that it makes adding detergent a doddle.

### SteamGloss

## Water-mark-free glasses

The table's set but your glasses look like they've got water marks on them. SteamGloss's 10-minute long extended heat cycle makes sure that glasses shine like they're brand new. With 23%\* shinier glassware and 30%\* shinier china, your next dinner table will dazzle anyone around. \*Tested by 3rd party laboratories

### TrayWash

## Intensive cleaning for 3 oven trays in one go

Don't let the dreadful job of washing the oven trays keep you from cooking and baking. With room for 3 trays and strong high-pressure tray clean program, TrayWash takes care of the hard work for you. Now you can have your cake and eat it too.

## Easy-fold Plate Support

### Extra room for pots & pans

Every time you cook, you're using different-sized pots and pans, and you need a dishwasher that understands that. The Easy Fold Plate Support lets you easily remove room for plates to fit in those massive pots and pans. The days of having to wash the largest items by hand are gone, and good riddance!
